- File Redmine 4685_Karabo TB History Form Q3 Re-worded_2019.06.18.pdf added
- Status changed from New to Closed

TB history form UAT'ed by TD team and closed. I'm attaching the screenshot of the CRF with the confirmed re-wording change for Q3 (previously Q2) for PID-71-0-10, which was completed on 17-Jun-19.

Q3 re-worded to: "Since the last scheduled visit, or if this is the enrollment visit, since birth, has any member of the household where your infant stayed been coughing for two weeks or more?"
