

Bhp085:-TshiloDikotla - Data Fix #4868
VISIT STATUS when Lab reqs arent drawn

12/11/2019 18:38 - Keolebogile Nicholas Mmasa

Status:	Closed	Start date:	12/11/2019
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
<p>On both maternal/infant, we cannot set visit status to "done" especially when Lab reqs are . "not drawn". Even with all CRF's completed, we wont recognise "not drawn" as a complete status hence will give an error that "you cannot set status to DONE while some CRF's havent been coompleted" Discussed with Tumie, please Fix</p>			

History

- *Tracker changed from Bug to Data Fix*
- *Status changed from New to Resolved*

This is issue is caused by requisitions being required on the continuation visit. Confirm that all crf's and requisitions on all visits for appointment are complete. Both continuation and main visit. The data issue has been resolved for 085-40990008-5, participant was already offstudy.
