Target version:			**Spent time:**	0.00 hour

Description

The validation existing doesn't allow black answers on this CRF. Removing them permanently will resolve this issue on query for missing data on the CRF. I discussed with Tumie and she will act on this. (she said the removal was discusssed before with Justine)

Subtasks:

Bug # 5084: Re-instate validations on Infant Birth Data CRF (weight, height, and circum...	**Closed**
