- Status changed from Resolved to Feedback

UAT Feedback;

1.Scheduled date to be "Appointment date" and also rename it to "Appointment date"

2. Use "latest due date" to validate "15 days before due date filter"- if the validation already exist, kindly review it because there are some PIDs that are not

within 15 days window which are appearing with the same filter e.g 705-1(see attached screenshot)

3. Add ability to filter by "Post the due date"- This should reflect ALL appointments passed the Latest due date.

4. Under 15 days before due filter, add the REMAINING DAYS TO 15 DAYS column, and let the days countdown to the 15 days period and even after the 15 days PERIOD.
