Description			
Screening Database			
Eligibility Checklist / Intake Form- After completing the form by clicking "other under MTC risks," the following forms do not open for staff to complete: (This happened for Noncitizen) bid: S-40-28-0006- they had to click No or 12 weeks of maternal ART prior to delivery for the forms to open.			
For a citizen, the form is fully operational. Please investigate why the rest of the form isn't opening.			
Thanks

Hi, Ame

It seems it's happening to the specific staff - vvolatse- kindly check, she states even citizen forms refuse to open.

Thanks
