#### Description

This was discussed on the call on 16-Jan-25.

1. Kindly ensure the validation as per the above subject. On behalf of child consent SHOULD NOT be required if the child is 18 years-signed continuation consent and has opted to continue with the caregiver.

**Also take note of the scenario of the siblings** in case the other sibling is not 18, we want on behalf consent to remain required for that particular sibling.
